

NCHSE HS ASSESSMENT UPDATE
1/05/17

ASSESSMENT REPORTS UPDATE

The following information includes when, where and how to access the assessment data for health science education. *Please note that assessment data specific to National Health Care Foundation Standards is only available to NCHSE members. An additional fee for this data will be charged to non-members. Please contact NCHSE for additional information:*
www.healthscienceconsortium.org

State Level Reporting

When:

- Precision Exams reports servers are on a 15 minute cycle for batching reports, therefore, all reports and certificates can take up to 15 minutes upon completion of the assessment to become available.

Where:

- Reports and Exam Certificates are accessible directly through the Precision Exams online system. www.precisionexams.com/*your state*
**State, district, school, and teacher level data are not available from NCHSE*

How:

- **Assessment Standards Level Report** – *National Health Care Foundation Standards breakdown*
 - **Important** – *the system automatically defaults the date range for all reports to the current school year after July 1st. To pull reports for the last school year, be sure to change the date range.*
 - **State Leads**
 1. Go to www.precisionexams.com/*your state*
 2. Click “Admin Login”
 3. Log in with your NCHSE assigned login credentials
 4. Go to **Reports** tab
 5. Select **View** to the right of “Assessment Standards Report”
 6. Use drop down menu filters
 7. Select file format from drop down (HTML, PDF, XLS)
 8. Click **Print Report**
- **Summary Suite Report** – *Multiple levels of data available through this report and student growth calculation available if exams delivered in Pre/Post format*
 - **State Leads/Administrators**
 1. Click on “Admin Login” and log in to the system
 2. Go to **Reports** tab
 3. Select **View** to the right of “NCHSE Summary Suite Report”

4. Use drop down menu filters
**Important to select the Exam Type (Pre/Post or Single for those schools who only deliver post-assessments)*
5. Click **Print Report**

Once in the report:

- Select “**more details** or **less details**” in top right corner to drill up or down a level of detail (State, District, School, Teacher, Student levels).
- Save to Excel or PDF by clicking on “Save as XLS or Save as PDF” buttons in top left corner

National Level Reports

- **When:** This national HS assessment data is anticipated to be available for posting late September.
- **Where:** National Health Science Assessment data will be posted on the NCHSE website under the assessment webpage data link.
- **How:** When the national assessment data is posted to the NCHSE website, an email will be sent to all NCHSE State Leads to advise the state leads on how to access the national data.
