Pre-conference attendees receive a **complimentary copy of the NCHSE Health Science Curriculum Enhancements** (release date August 2020; aligned to the National Health Science Standards, May 2019). This highly interactive resource is filled with engaging activities and technology infused lessons. This is a \$350 value for teachers from NCHSE member states and a \$500 value for teachers from non-member states. Here's an example of the content in the newly revised **NCHSE Health Science Curriculum Enhancements**.

The afternoon session will include visits to high profile centers on the Medical University of South Carolina (MUSC) campus and connections with highly specialized health professionals.
